# The ZeroEyes Difference

ZeroEyes detects brandished firearms and instantly notifies your management, security personnel, and local law enforcement, giving you time to begin lockdown procedures.

## Military Precision.

Founded by Navy SEALs and elite technologists, our team of nearly 200 consists of **70% veterans**, providing military-grade intelligence monitoring to your organization.

## Human in the Loop.

Our AI system is monitored 24/7/365 by ZeroEyes Operations Center (ZOC) Analysts—**all veterans or former law enforcement**—to verify and dispatch gun detection alerts, typically within **3–5 seconds**.

## Patented Protection.

We use hundreds of thousands of proprietary images and videos to train our AI to be the most comprehensive and superior **gun detection technology** on the market.
