ZEROEYES™

Integrates into existing digital security cameras

Non-invasive A.I. gun detection

Actionable intelligence for first responders

Proactively Protect Staff and Customers

Combat gun-related violence and mass shootings with A.I.-powered, human-verified gun detection software.

Shootings at Retail Stores are on the Rise

- One-third of U.S. adults say that a fear of mass shootings prevents them from going to certain places or events.

- When U.S. adults were asked where they feared a mass shooting, 50% said shopping malls.

2019 RETAIL SHOOTING: EL PASO, TX

**23 FATALATIES**

23 INJURIES

31-MINUTE EVENT

The shooter visibly brandished their gun in the parking lot seven minutes before entering the building.

The assault rifle was visible to security cameras, but no one alerted the police until after shots were fired.

Tested and proven effective in low-light and crowded spaces

GETTING STARTED WITH ZEROEYES
